

2018-2019 Deane-Porter Clubs

FIRST GRADE OFFERINGS

Dear Deane-Porter Parents of First Grade Students,

The Deane-Porter School has, for many years, offered the opportunity for our students to join extra-curricular clubs. The fee for participation in Deane-Porter extra-curricular clubs is a \$75.00 sign up fee and additional \$25.00 per student, per club.

The Deane-Porter School has, for many years, offered the opportunity for our students to join extra-curricular clubs. The fee for participation in Deane-Porter extra-curricular clubs is a \$75.00 sign up fee and additional \$25.00 per student, per club.

If your child is interested in participating in clubs, please go to the district website on **Monday, October 1, 2018 at 8:00 PM** and click on **Club Sign Up**. Click on the grade level for your student and choose the club they would like to join. You may only sign up for **ONE** club at this time. After initial sign ups, students may sign up for additional clubs, upon availability. The additional sign ups will be available **Friday October 5, 2018**.

You will find that some clubs meet on the same day/time of the week, so please check the club dates and times carefully.

Once you have successfully signed up for a club(s), please send in your check (made out to Rumson Board of Education), and submit it to your child's teacher. **All payments are due by Monday, October 8th**. Students will be able to participate in clubs once their check has been turned into the main office.

- \$75.00 sign up fee
- \$25.00 per club
- One club- \$100.00
- Two clubs- \$125.00

On Tuesday, October 9th, 2018, Club dates and times will be posted on our district website in the Virtual Backpack. Please check the backpack for the times and dates of the club.

Instructions on other side

Afternoon Clubs

Grade 1 Math Club

Wednesdays **3:05- 3:45 p.m.** (fall - spring) 2 sessions Lead by Katie Gregory

In the 1st Grade Math Club, students will take part in various fun games and activities that will enhance math skills and increase learning by building and creating strategies to solve problems. Students will collaborate with peers to develop and practice their mathematical skills in an enjoyable and energetic setting.

Location: Mrs. Gregory's Room

Room 302

**Each session is instructed using the same curriculum
