

ROCK YOUR SCHOOL

September 20, 2018

On September 20th, Deane-Porter's second and third grade teachers and students joined over 30,000 educators and more than 1 million students from around the world in the first annual "ROCK Your School". This event was initiated by "Get Your Teach On" with the goal of encouraging educators to create an extraordinary and outside-the-box learning experience for students.

Deane-Porter's second and third grade teachers collaborated to create standard aligned lessons and activities that engaged students through a music theme. Students were encouraged to dress up along with their teachers for this special day. Upon entering their classrooms in the morning, students presented their concert tickets for admittance to the big event! The contagious smiles and bubbling energy said it all as students were pleasantly surprised to be greeted by their rockstar teachers. Students walked the red carpet to the beat of familiar rock and roll jams to enter into a Rock and Roll themed room equipped with a VIP badge for each student.

Throughout the day students read biographies about pop stars, completed all about me rockstar questionnaires, rocked around the clock in math, and more! The students proved they were the true V.I.P.s as they rocked their learning all day on September 20th!
